GLACIER SERIES WARRANTY

SUPREME MAINTENANCE-FREE VINYL

All products are guaranteed for **TEN YEARS** against defects in the manufacturer's workmanship or materials. Treated wood carries a limited lifetime warranty against decay and termite infestation. Vinyl and PVC parts carry a limited lifetime warranty against fading & discoloration. No other warranties of merchantability are made by the manufacturer.

The manufacturer's products are not warranted as being suitable for a particular purpose. The suitability of products is for the purchaser to determine.

Warranty requests must be accompanied with pictures or physical evidence. Remedy of the warranty consists of repair or replacement of the defective part. Shipping or labor costs may incur an additional charge.

Sets are designed to be used safely for many years. Upper grades of lumber are selected for manufacturing. Lumber is dried after treatment and encased in premium grade vinyl sleeves. Metal parts are either rust-proofed and/or plated to resist corrosion. The manufacturer reserves the right to make design and construction changes without notice.

At least three to five inches of playground mulch should be installed in play area to increase safety and enjoyment.

CASCADE SERIES WARRANTY

NATURAL LOW-MAINTENANCE WOOD

All Cascade Series playsets are guaranteed for **TWO YEARS** against defects in the manufacturer's workmanship or materials.

All Cascade Series Playsets are made from Pressure-Treated Grade 1 Pine and harvested stateside by companies who have aggressive environmental programs in place. Our treated wood uses non-arsenic based, environmentally safe preservatives with proven long-lasting resistance to termites and fungal decay and carries a lifetime limited warranty against decay and termite infestation.

Extreme changes in temperature and humidity may cause expansion and contraction of wood. Consequential damage is limited to repair or replacement of the defective component. No other warranties of merchantability are made by the manufacturer.

All Cascade Series Playsets can be painted or stained and will benefit from periodic cleaning and periodic water repellent coatings for its best appearance.

VINYL PLAYSETS

Floor Boards & Rock Walls are eco-friendly recycled plastic lumber. Strong, durable, and low-maintenance. **NO rotting, splintering, painting or staining!**

Heavy-duty, stainless-steel swing bearings

Slats are eco-friendly recycled plastic lumber. Strong, durable, and low-maintenance. **NO rotting, splintering, painting or staining!**

All metal brackets are powder-coated heavy-duty, stainless steel. **Absolutely NO rust bleeds!**

Heavy-duty, stainless-steel corner braces and through-bolt construction.

Pressure-treated structural lumber inside durable vinyl sleeve.

Vinyl End Caps.
NO Sharp Edges!
Stainless-steel, child-safe fasteners. **Will NOT rust!**

ENVIRONMENTALLY FRIENDLY PLAYSET ELEMENTS

RECYCLED POLY MATERIAL

Premium-grade recycled poly lumber is an environmentally friendly material manufactured from recycled HDPE (High-Density Polyethylene). HDPE is sourced from post-consumer recyclables like milk jugs and laundry detergent bottles. Millions and millions of pounds of waste can be saved from landfills by manufacturing innovative, long-lasting, and recyclable materials.

SUSTAINABLE

Sustainability practices and green construction efforts start with building a superior product that outlasts our competition. The best playset for the environment is one that generations of children can use.

LONGEVITY

Poly lumber is an incredibly strong and durable building material that will last through extreme weather and generations of even the toughest abuse.

It is also resistant to marine borers, termites, fungus, salt, and oils. Your vinyl and poly playset will remain a vital and beautiful part of your property for years.

NEAR ZERO MAINTENANCE

Since poly lumber is impervious to moisture, it doesn't rot or crack, and insects cannot make their homes inside the boards. It also won't break down when exposed to the sun day after day.

Nearly impervious to moisture from rain, snow, and other forms of precipitation or condensation. Our poly colors use UV inhibitors to help maintain their vibrance.

Poly lumber and vinyl-wrapped beams can be cleaned easily with water or pressure washed to look as good as new.

Avalanche

AVALANCHE #01

CHAPMAN #01

The pinnacle of playhouses! Nothing beats the beauty and strength of our Chapman playsets. These super-massive, manor-like structures, featuring thicker wall materials and our never-splinter safety decking, boast two levels - even accommodating standing adults on the upper deck. Our Chapmans are world-class titans featuring multi-position swing beams for versatile play and super-hefty slides for thrill-seekers. While others may imitate, none can match our heavyweight quality and superior safety.

Our team is ready to help customize any of our premium sets with options, colors, and accessories!

PHOTO FEATURES: 8' x 8' Tower; Step Ladder; Handrail; 7' Tornado Tube Slide; 10' Wonder Wave Slide; 4-Position, 10' High Swing Beam; (2) Belt Swings with soft-grip chain; Full Bucket Child Seat with soft-grip chain; Dual Glider with soft-grip chain and Adapter; (6) Anchors

NEW

CITADEL #01

We designed our royal-sized CITADEL play castles for magical adventures! These towering safeholds feature three different towers of daring heights and robust 5' tall low-level enclosures with dual doors - all built with thicker, safer walls than the less expensive lookalikes. Our CITADELS boast never-splintering floors and super-quick escape slides. Our CITADELS are play castles ready for your little knights, squires, lords, and ladies.

Our team is ready to help customize any of our premium sets with options, colors, and accessories!

PHOTO FEATURES: 7' 6" x 12' Tower; Step Ladder; Handrail; 9' Tornado Tube Slide; 14' Avalanche Slide; (2) 24' x 36" Turrets; Double Gate; 5' Rock Wall

ADD SOME FUN!

Search for all creatures large and small with a spotlight.

A tic-tac-toe panel offers hours of game-time fun with friends.

Superior Playsafer™ Rubber Mulch

Playsafer™ rubber mulch provides unmatched shock absorbency and helps reduce playground injuries. Playsafer™ chips are environmentally friendly, made from used rubber tires and require minimal maintenance, dry quickly after rain, and will not rot or decompose.

Forest Green

Royal Blue

Terra Cotta Red

Cocoa Brown

Black

Basic Black

Premium Bueta Edging Blocks

By using edging blocks you are providing a clean, precise edge to your play area which helps keep loose surfacing inside and unwanted items outside of the play area. The patent-pending 'slide-on, slide-off' connection system offers endless border-shape options.

Greystone

Sandstone

Cobblestone

DON'T FORGET THE...

Protective Landscaping Fabric

Landscape fabric acts as a weed barrier and prevents heavy mulch, such as shredded rubber mulch, from sinking into the soil when the ground gets wet. By using landscape fabric, you'll make your layer of mulch last longer.

WOOD PLAYSETS

Fade-resistant, extra-durable tarp.

Heavy-duty stainless-steel swing bearings.

Slides are heavy-weight, solid-to-the-core and resist sun and fading.

Floor boards are eco-friendly recycled plastic lumber. Strong, durable, and low-maintenance. **NO rotting, splintering, painting or staining!**

OPTIONAL Poly slats are eco-friendly recycled plastic lumber. Strong, durable, and low-maintenance. **NO rotting, splintering, painting or staining!**

Heavy-duty, double 2x6, vertical-edge swing beams.

Powder-coated, heavy-duty stainless-steel brackets.

All stains are hand-brushed, twice, for a streak-free finish.

ENVIRONMENTALLY-FRIENDLY WOOD PLAYSETS

WOOD IS NATURAL & EARTH-FRIENDLY

The wood harvested for our Cascade Series is in the southern states, where tree farming effectively prevents soil erosion. Thus, tree farming benefits our ecosystem by preserving topsoil and reducing soil runoff into creeks and streams. Since wood grows naturally, it is earth-friendly.

WOOD IS A VERY RENEWABLE RESOURCE

Due to improved forest management, more wood is available now than 25 years ago. As long as we have sun and rain, we will never run out of wood!

WOOD IS USER-FRIENDLY

If the wood becomes scratched, you can sand it. If necessary, wood components can be easily matched and replaced.

MAINTENANCE

ATTACHMENTS

Check that all attachments are secure three weeks after playset is installed. Continue to check regularly and secure as necessary thereafter.

INSPECT REGULARLY FOR BROKEN OR DAMAGED PIECES

Splintered surfaces should be sanded smooth to avoid injury. Cracks resulting from weathering are normal and do not need to be replaced. Pieces with structural damage DO need to be replaced promptly.

TIRE SWIVEL CARE

The swivel should be checked and lubricated on a regular basis.

STAINING INSTRUCTIONS

A quality water sealer and/or stain can be applied if preferred. For best results, apply sealer/stain within a month after playset installation, following instructions on the product label. If you purchased a playset with a stain, it should be re-sealed within two years with a sealer/stain of your choice. When applying follow-up treatments, always follow the instructions on the product label.

The Scout

THE SCOUT #01

SPECIFICATIONS

Tower Platform Height: 5'

Tower Platform Dimensions: 81" x 61"

Overall Footprint: 22' x 12'

JEFFERSON #02

JEFFERSON #01

Our JEFFERSON playsets are climbing monuments of fun for your little leaders! These robust 5' x 8' towers, topped with a shade-providing roof, are built with our Amish craftsmanship. As with all our playsets, the JEFFERSONs boast never-splintering floors and more substantial swing beams. Their larger platforms can accommodate extra friends and features, making them even more versatile.

Our team is ready to help customize any of our premium sets with options, colors, and accessories!

PHOTO FEATURES: 5' x 8' Tower; Step Ladder; Handrail; 5' x 7' Sandbox; Tarp Roof; 10' Wonder Wave Slide; Captain's Wheel; 3-Position, 8' High Swing Beam; (2) Belt Swing with soft-grip chain; Dual Glider and Adapter; (6) Anchors

VOYAGER #02

VOYAGER #01

Embark on high-sea adventures with our WOOD VOYAGER and CUTTER playsets. We designed our ship-like structures to stir excitement and imagination, with upper and lower decks that invite exploration. Navigate with the ship's wheel, swing from multi-position beams, or swoosh down super-hefty slides. Our WOOD VOYAGER and CUTTER playsets are true originals built for safety and durability using Amish construction techniques.

Our team is ready to help customize any of our premium sets with options, colors, and accessories!

SPOTLIGHT

Superior Playsafer™ Rubber Mulch

Playsafer™ rubber mulch provides unmatched shock absorbency and helps reduce playground injuries. Playsafer™ chips are environmentally friendly, made from used rubber tires and require minimal maintenance, dry quickly after rain, and will not rot or decompose.

Forest Green

Royal Blue

Terra Cotta Red

Cocoa Brown

Black

Basic Black

Premium Bueta Edging Blocks

By using edging blocks you are providing a clean, precise edge to your play area which helps keep loose surfacing inside and unwanted items outside of the play area. The patent-pending 'slide-on, slide-off' connection system offers endless border-shape options.

Greystone

Sandstone

Cobblestone

DON'T FORGET THE...

Protective Landscaping Fabric

Landscape fabric acts as a weed barrier and prevents heavy mulch, such as shredded rubber mulch, from sinking into the soil when the ground gets wet. By using landscape fabric, you'll make your layer of mulch last longer.

Quick Ship Playsets

Are you looking for a compact playset quickly? We have just what you are looking for. We offer two wood and one vinyl Quick Ship playsets. These sets are in stock and ship within 3-4 business days! We do not make changes to these sets, they come as shown. The kits come with a step-by-step written and picture assembly manual.

Easy to ship, compact DIY kits!

FOOTPRINTS

"The installation of our custom 5x10 Denali Playset was completed this Monday, and we could not be happier! Not only does it look amazing, but the quality is admirable. The entire process of designing and purchasing our playset was effortless, thanks to the customer service. We were able to choose the layout we were interested in and customize it, which allowed each of our kids to pick accessories from the catalog that made their playset feel unique and personalized. We 100% recommend Patiova to anyone looking for a playset or patio furniture!"

"This was an easy and seamless process. I needed a small compact playset for my grandchildren. My kids moved into a new house with a small backyard. Patiova was perfect. They had what we needed and were very good about getting it to us, much quicker than we anticipated. And all easily done. I would use them again when my other kids buy a house and need a playset."
